

Section 31 – Access Control

No point of access shall be allowed within 25 feet of the intersection in the right-of-way of two streets, highways or roads. The board may grant variances. No curb or right-of-way shall be cut or altered without acquiring a permit from the office of the County Road Department . Requirements of the permit, including but not limited to the application, design requirements, and improvement bonds shall be done in a manner specified by the County Zoning Administrator.
